Richard A. LaBelle
Town Manager

Town Manager’s Report
April 18, 2018

Skowhegan Savings Bank reviewed our financial portfolio; they returned with a rate of 1.6% across all of our accounts. Some of the accounts were gaining interest at rates as low as 0.2%. This adjustment will amount to over \$400 per week in additional interest earned.

The Planning Board has voted to move its meetings to the second Thursday of each month. This was done to accommodate members’ schedules and not to conflict with other regularly scheduled meetings.

The Sewer Commissioners met with Olver Associates last week at the plant to review upgrade plans, as well as to walk through the facility. The meeting was productive, generated some new ideas, and brought everyone current on the project.

I attended a meeting regarding a grant to fund the exploration of regional coordination to realize cost savings. The grant would fully fund an individual employed by a third party to examine practices and explore potential options for savings. This may be done in coordination with other municipalities and/or school departments. KVCOG will be drafting the grant.

I have posted a job opening for Office Clerk. We will be accepting applications until May 1 (or later). Please forward anyone interested to the Town Office for applications or to townofnorridgewock.com/jobs. I will not be taking phone calls for questions related to the position—general questions may be answered by staff or inquiries should be directed to me by email for recordkeeping purposes.
