We are taking proactive steps to provide you access to our collections with extra precautions. Here's what we're doing to ensure safe handling of library materials:

- ✓ All returned books will be quarantined for a minimum of 72 hours
- ✓ After quarantine, all returned books will be wiped down with a disinfectant
- ✓ Only once materials are properly disinfected will they be placed back into circulation.

Our partnership with Maine State Library provides you free access to a wide variety of free audio books through cloudLibrary

This works on many different platforms (desktop, tablet, mobile, etc.) and is free. All you need is a library card. Don't have one? Don't know your library card number?
