

**Town Manager's Report
January 16, 2019**

I have finally received a response from the school district regarding snow at the school being pushed over the bank and onto Town property and towards the dugout. The district states that the contractor has been directed not to plow towards the fields; if the problem persists, we need to again contact the district.

Due to the Federal government shutdown and the necessity of obtaining financial information from USDA regarding sewer project funding, the Town warrant will not be ready to sign until the shutdown ends.

The automatic foreclosure date for 2016 lien taxes is February 28, 2019. Certified notices will be mailed next Wednesday, January 23. As of this afternoon, there are still 26 properties with unpaid 2016 taxes.

Hopefully... finally... the gate at the airport will be complete tomorrow. This will allow us to move ahead with reissuing keys as soon as it is done.
